SPECIAL PAY RATES

Reference:

1. Recently the President signed Executive Order 12387, which provides for a salary increase effective the first day of the first pay period beginning on or after 1 October 1982 for Federal employees compensated under the provisions of the Classification Act of 1949, as amended. This salary increase also affects employees covered under the GSM (Medical) and GSE (Engineering) special pay schedules. The effective date of the new special pay schedules is 3 October 1982. The new special pay schedules are attached to this notice.

2. The rates of pay for employees covered by the GSC, GSI, GSH, and GSL (select clericals) pay rate schedules generally remain unchanged. In some cases, however, grades previously covered by the select clerical pay rate schedules no longer are covered (e.g., GSC-5 and 6, GSI-4 and 5, and GSH-5 and 6). This results from the new 1982 general schedule having a higher rate of pay for the first step of certain grades than the first step of the special schedule.

3. Any questions pertaining to the special pay rates should be referred to component personnel officers or the Position Management and Compensation Division, Office of Personnel, extension
